

JAC Design Papers

Papers with a special finish

The JAC Design Paper Range was developed especially for premium product labelling, where a high quality finish is essential.

Six different papers give unique finishes for high end consumer products. The range suits many premium applications including wine, spirits and packaging of food delicacies.

All papers offer great printability with offset printing, and precise printing register. They are available in 50x70cm sheets with a permanent, acrylic based adhesive and a plain liner without imprint
