FEATURES

- Easy to use, handy and light
- Fill in the tank with the cleaning solution and push the button to activate the flow of the cleaning solution directly on the floor
- Tank 500 ml that covers a 80 sqm cleaning area
- Patented system to close the filling cap. It guarantees an airtight seal that avoids any loss of cleaning solution in case of accidental fall of the handle
- Equipped with two 360° rotation hand grips
- Compared to traditional systems, the use of the handle with two turning hand grips together with the ErgoSwing joint, reduces significantly the wrists' bending, facilitates the "S" movement and assures the correct posture, preventing the onset of work-related illnesses
- Frame made of premium quality material, light, stainless and resistant to frequent use. Plastic corner bumpers protect walls and furniture. Its articulated joint allows a 360° performance
- The mop holder strips can be easily replaced and guarantee a total adherence of the mop holder to the mop for better cleaning results
- The microfiber cloth cleaning action and the long life cycle guarantee optimal savings, keeping high cleaning standards
- The high absorbency due to its capillary action guarantees a great floor covering, a fast floor drying and less stains
- The shock-absorbing border guarantees a better protection for baseboards and walls
- Autoclavable dosing jug, resistant to temperatures from -10 to + 120° C. Very sturdy with drip spout. Capacity 500 ml
